SYLLABUS

ITALIAN LANGUAGE LEVELS 1 TO 4

Instructors: Language Instructors alternate each term

Contact Hrs: 80

Language of Instruction: Italian

MACERATA, ITALY

Notes for all levels

The Italian Language courses include 4 (four) courses corresponding to the different levels: Beginning, Elementary, Intermediate and Advanced.

COURSE DESCRIPTION

(See COURSE OUTLINE for each language level description)

COURSE OBJECTIVES

The courses include the development of the four linguistic skills (listening, speaking, reading and writing) in a balanced way, as well as the study and practice of functional grammar, that is, grammatical structures needed to fulfill specific functions of language: naming, asking questions, giving directions, describing, defending opinions, etc.

INSTRUCTIONAL METHODOLOGY

From the beginning the student is immersed in a truly Italian atmosphere. The students commence at an early stage to understand and utilize common expressions and to handle a daily conversation. Both instructions, the linguistic structures and the grammatical theory, are shown in contexts that reflect every day life, resulting motivated and useful. The development of the situation determines the presence of the grammatical argument.

Placement Exam: A test will be administered to each student on the first course day in order to place him in the appropriate level. Students with absolute no knowledge of Italian Language will begin immediately with the first lesson of Beginning Italian.

METHOD OF EVALUATION (GRADING)

Requirements: Attendance is very important for the continuity of class activities and it is mandatory. There will be no unexcused absences.

- 1-2 absences: student will be warned;
- 3-4 absences: student will receive a lower grade – a deduction of 4%;
- 5 or more absences: student cannot receive a passing grade and must formally withdraw from the course.

Exceptions to this scale may be made for extreme, unforeseen circumstances, and only at the instructor's discretion.

Consistently late arrival or early departure may affect your attendance grade, at your instructor's discretion.

Exams: There will be, besides the daily assignments, a mid-term exam and a final exam both

in the form of oral and written.

Evaluation: The final grade will be based on the following ratio:

- 25% attendance, complete the assignments and in-class participation;
- 25% mid-term exam;
- 10% oral presentation;
- 20% written final exam;
- 20% oral final exam.

COURSE OUTLINE

(As professors will have the best appreciation of the Italian level of each particular group, variations on the following descriptions might occur in a given term. Course content is complemented and enriched by student's personal experience of the Italian culture and every day life outside the classroom. For students who do their work conscientiously, improvement is significant.)

BEGINNING - LEVEL 1

This is a course designed for students who have never studied the Italian language before. The main goal of the course is to give a basic knowledge of the Italian language through the development of listening, speaking, reading and writing skills, and to provide the necessary foundations of grammar.
